Confidentiality Request of Auspion, Inc.
STA File Number 1375-EX-ST-2018

Confidentiality Request:

§0.459(b)(1) - Specific information for which confidential treatment is sought: Auspion requests confidentiality with respect to its intended end product, technical parameters other than those on the license and the purpose of the experiment.

§0.459(b)(3) Our pursuit of this application in these frequencies is a trade secret at present.

§0.459(b)(5) If this information is disclosed and potential competitors see that we have a working technology at these frequency ranges they could be expected to try to reverse engineer our technology and this would jeopardize our technological lead.

§0.459(b)(6) Auspion protects its information very carefully and maintains an almost invisible public presence. All e-mail of sensitive technology is encrypted.

§0.459(b)(7) All previous disclosures of our goals and technologies has been protected by signed NDAs from recipients
