Subject: Request for Info - File # 0290-EX-CR-2020

Message:

Ms. Nguyen:

This is to confirm that you recently confirmed that the applicant may file a modification application to change the contract number after the renewal application is granted. Please see emails below confirming this.

A separate reply has been submitted today confirming that AFTRCC coordination is not required under the current test conditions. See reply to Ref. 55466.

Subject: RE: Question re: 0290-EX-CR-2020

Mr. Rummel,
The applicant has to submit AFTRCC coordination for this renewal. After the renewal is granted, the applicant can submit the modification for any changes on the application.

Regards,
Leann Nguyen

Subject: Question re: 0290-EX-CR-2020

Ms. Nguyen:

Hope all is well.

In your note pasted below, you ask "Please submit the modification application for updated/changing the US contract number."

However, our understanding is that the ELS system will not allow a modification application to be filed when a renewal application is pending..

Accordingly, if it is true that the ELS system will not allow a modification application to be filed when a renewal application is pending, can you please provide further direction for BAE Systems?

Best regards,

Jeff Rummel
Attorney for BAE System
