Hello Jeffrey

Yes, I agree with your assessment. Since you are simply reducing the bands you do not need to redo the AFTRCC coordination for the mod and if needed review at renewal time.

Regards,
Tony

Subject: Mr. Serafini - BAE Systems - WD2XJW - Re: AFTRCC Coordination for Pending Modification

Application - Pending File No. 0047-EX-CM-2021 (Ref. 60895)
Importance: High

Mr. Serafini:

Good morning – hope all is still well with you and the family.

Apologies for the interruption, but since we had not heard back from Ms. Nguyen on these messages, we wanted to obtain your feedback.

As explained, BAE Systems is simply seeking confirmation that:

(i) AFTRCC coordination will not be necessary for this modification, because the modification seeks only to reduce the frequencies,

and

(ii) BAE Systems can address AFTRCC coordination when the renewal application is filed in the near future.
