Subject: Request for Info - File # 0047-EX-CM-2021

Message:

FAA objects to authorize the frequency band 1560-1620 MHz because there is a greater risk to GPS L1 when CW emissions are involved. However, if BAE can provide an explanation of why it will not be an issue, the FAA will consider. Please provide the explanation as soon as possible before FAA rejects this band.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of June 10, 2021 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
