Subject: File Num#0161-EX-CR-2016 reminder on FAA pre-coordination data request

Message:

File No. 0161-EX-CR-2016 (Ref. Nos. 35111 and 35379)

Ms. Nguyen:

FAA coordination has been completed for this application – please see email below from FAA's Lorena Carvajal, which reports as follows:

1. 120.10000000 MHz-129.20000000 MHz should be changed to 121.950 MHz to 129.200 MHz for emission NON with 0.007W with the following exclusion:
M00123.587500,M00128.812500

2. 136.60000000 MHz-152.88500000 MHz
No additional conditions”

Please advise if the Commission would like BAE Systems to modify the WD2XVL license to reflect:

- The modification of the 120.1-129.2 MHz band to be: 121.950-129.2 MHz
- Carve out of the frequencies M00123.587500, M00128.812500 from that range

Respectfully submitted,

Jeff Rummel
Attorney for BAE Systems

Subject: RE: BAE Systems - WD2XVL - FAA Coordination Request - Pending Renewal File No. 0161-EX-CR-2016

Jeff,

The following conditions/modifications should be added to the subject license renewal:

1. 120.10000000 MHz-129.20000000 MHz should be changed to 121.950 MHz to 129.200 MHz for emission N0N with 0.007W with the following exclusion:
M00123.587500,M00128.812500

2. 136.60000000 MHz-152.88500000 MHz
No additional conditions

Please use this email to satisfy the coordination requirement with the FAA.

Thank you,

Lorena Carvajal

Subject: BAE Systems - WD2XVL - FAA Coordination Request - Pending Renewal File No. 0161-EX-CR-2016

Mr. Sinha:

Good afternoon.

This email is to request FAA confirmation for Experimental Station WD2XVL, which is currently being renewed under File No. 0161-EX-CR-2016.

The FCC has requested FAA coordination for the following bands:

- 120.10000000 MHz-129.20000000 MHz
- 136.60000000 MHz-152.88500000 MHz

A scan of the current Station WD2XVL license is attached for your reference.

Accordingly, it would be greatly appreciated if you could please confirm FAA coordination for Experimental Station WD2XVL, for the pending renewal application under File No. 0161-EX-CR-2016 and any experimental license issued by the FCC as a result.

Best regards,

Jeff Rummel
Attorney for BAE Systems
