Ms. Nguyen:

In reply to the MAG coordination reminder email under Ref. 59602, this is to confirm that pursuant to the email exchange below, BAE Systems's understanding is that:

- The company is not required to contact the MAG directly to obtain coordination.

The contracts being supported by this experiment were listed in the company's "Reply to Correspondence"; dated 12/30.

Accordingly, BAE Systems assumes that no further action is necessary regarding the MAG coordination inquiry under Ref. 59602.

Mr. Rummel,  
Please hold the requirement below. I will let you know if I receive the coordinators's response. But I need NG T numbers for each FAA frequencies because these frequencies are rejected.

Thanks,

Subject: Question re: MAG Coordination - Ref. 59375 - Pending File No. 0283-EX-CM-2020

Ms. Nguyen:

Good afternoon.

In the ELS message below, BAE Systems is asked to "provide MAG approval for each MAG frequencies";.

Please advise if you want BAE Systems to contact MAG directly and request coordination? It is BAE Systems' understanding that generally applicants are not asked to contact MAG directly for coordination.

Best regards,

Jeff Rummel
