

Exhibit 1

In connection with this renewal application for Station WG2XZT, the following is noted:

1. There is currently pending with the Commission under File No. 0129-EX-ML-2016 an application to modify the WG2XZT license to: (i) Delete the Frequencies Related to Co-Channel AWS and EBS/BRS; and to (ii) Add New Frequency 1010 MHz.
2. AFTRCC coordination has been completed. The AFTRCC coordination report is being submitted as a separate attachment.
