

Exhibit 1

In connection with this renewal application for Station WE2XUF, the following is noted:

- There is currently no government contract associated with the operations under this license. Currently, the license is intended to be used for IR&D activities. Accordingly:
 - o It is requested that the contract references in Special Condition 3 be removed, and the Station Class of 'XC' be changed accordingly.
- The Stop Buzzer information has been changed to:

George Moynihan (603) 689-8630
and
BAE Systems Emergency Services Center (603) 885-3842.

Accordingly:

- o It is requested that the Stop Buzzer information in Special Condition 4 be updated accordingly.
