Subject: File Num#0458-EX-CN-2018 reminder on FAA pre-coordination data request

Message:

Ms. Nguyen:

In reply to your request for FAA coordination, this is to advise you that FAA has not yet fully completed its coordination of this application.

BAE Systems is in continuing contact with FAA on this coordination. Unfortunately coordination has not yet been completed. Please see email from FAA below.

Accordingly, it is respectfully requested that the deadline for obtaining FAA coordination be extended to December 12, 2018 to permit FAA additional time to complete coordination. Should additional time be required beyond December 12, 2018, BAE Systems will contact the Commission at that time.

Best regards,

Jeff Rummel
Attorney for BAE Systems

Subject: RE: BAE Systems - NG T180394 & NG T180395 - TRK 182750 (1030 MHz) & TRK 182751 (1090 MHz) - Pending FCC File No. 0458-EX-CN-2018

Jeff,

I just found out that our antenna expert is on travel all of this week and won't be back until next week. So once I've gotten together with him, to discuss the remaining concerns/issues, I'll give you call. Again, thanks for your patience in the matter.
