

Exhibit 1

In connection with this application for renewal of license for Station WE2XMO, the following is noted:

- This is to confirm that the contract number associated with the license (FA8620-16-G-3028) remains the same.

(FYI - There is a new POC: Capt. Marilyn Brooks-Arlint, USAF EC-37B Deputy Program Manager, Work Phone: (937)255-2500, Email: marilyn.brooks_arlint@us.af.mil)

- For the prior renewal in 2018, BAE Systems requested that Special Condition 7 be modified to update the Stop Buzzer information as follows:

(7) The designated point-of-contact to terminate transmissions if interference occurs is George Moynihan (603) 689-8630, ~~Sean Hallinan (603) 361-5959~~, ~~Rick Ball at 603-318-6913~~, or BAE Systems Emergency Services Center (603) 885-3842.

For the 2018 renewal grant, however, the Commission did not update this condition as requested. BAE Systems again requests that this condition be updated as specified above.
