Ms. Nguyen:

In reply to Ref. Nos. 51421, 51917 and 51394, a new Exhibit 2 has been submitted addressing the following points:

1. In reply to Ref. 51394, this is to confirm that the contract information associated with the operation under this application is as follows:

Agency/Customer: US Air Force

Contract Number: FA8650-17-C-8578

Contract POC: James Blackston (937) 656-9900 - James.blackston@us.af.mil

2. In reply to Ref. 51917, it is BAE Systems's understanding from prior discussions with the Commission that direct coordination with MAG is not required, and no further action is required from BAE Systems with respect to MAG. Please advise if this is incorrect.

3. In reply to Ref. 51421, this is to confirm that BAE Systems seeks experimental authority only to support the above-referenced contract. This is to clarify that grant in support for IR&D is not required at this time. Please advise if any further action is required from BAE Systems at this time with respect to this issue.

Best regards,

Jeff Rummel

Attorney for BAE Systems
