Jeff—he did call back and let me know this contract was in his portfolio. I am looking for the contract expiration date. He was going to look for this and get back to me yesterday. I am not in the office today.

Mr. Whittington:

Good afternoon.

I understand from BAE Systems that Mr. Blackston has verified directly with you the contract information for the above pending application.

At your convenience, would you be able to please confirm this, so that we can inform the FCC that this is resolved?
