Ms. Nguyen:

In further reply to your email dated 2/7/14 (Ref. 22874), this is to confirm that ASRI coordination has now been completed.

A scan of the coordination letter has been uploaded to the ELS for this application, and has been attached in an email directly to you.

With respect to the other items you have requested, this is to confirm that the following additional items have not been completed and BAE Systems has recently requested until 3/22 to attempt to complete them:

? FAA coordination is not yet complete, as BAE Systems is in discussions with FAA staff regarding some specific bands of concern. BAE Systems hopes to resolve these discussions with FAA soon, and will provide the completed FAA coordination to you as soon as the process is complete.

? BAE Systems has requested FirstNet consent, and such discussions and related consent activity is still ongoing. BAE Systems hopes to resolve these FirstNet consent issues soon, and will provide the completed FirstNet consent to you as soon as the process is complete.

Respectfully submitted,
