FW Request for Permission to Radiate (Great River Energy)
From: Nelson, Kathleen GRE-MG [knelson@GREnergy.com]
Sent: Friday, March 07, 2014 10:14 AM
To: Hernandez, Luis M (US SSA)
Cc: Leleux, Chris GRE-MG; john.vislosky@accessspectrum.com; Jones, Jim GRE-MG
Subject: FW: Request for Permission to Radiate
Attachments: Information for 700 MHz Licensees.docx

Importance: High

Great River Energy has evaluated the attached testing information and sees no great potential for interference given the precautions set forth in the attached document. GRE does not have any objections to this testing as long as it does not cause harmful interference when the test commences.

All

I just spoke with Luis Hernandez who is the PM for BAE Weapons Systems. They are about to conduct an Equipment Test in Minneapolis and was advised by the FCC that they needed to contact the Spectrum Companies that are adjacent to their Test Spectrum.

Post the call Luis forwarded me the attached is BAE System's Information Paper on the Test for review and comment. I have also included Luis's contact information below:

Mr. Vislosky,

Thanks for your time on the phone.

Attached is an excerpt from the FCC request describing what we would like to do in Fridley, MN with our RF testing. Please let me know if you have any comments or questions.

Thanks for your time and effort on this matter.

Best regards,

Luis

RE Request for Permission to Radiate (Anoka)
From: Jake Thompson [Jake.Thompson@co.anoka.mn.us]
Sent: Thursday, February 27, 2014 3:45 PM
To: Hernandez, Luis M (US SSA)
Subject: RE: Request for Permission to Radiate

Luiz,

After reviving the information you provided I do not have any concerns with the testing you are looking to conduct. It looks like you have covered the basis' to prevent interference to our public safety radio system. In the event that we do see some interference I have your phone number as well. Anoka County is comfortable with you moving forward with this testing.

Jake Thompson
Radio System Coordinator

RE Request for Permission to Radiate (Dakota)
From: Jansen, Ron [Ron.Jansen@CO.DAKOTA.MN.US]
Sent: Thursday, March 06, 2014 8:18 AM
To: Hernandez, Luis M (US SSA)
Cc: jeff.nelson@psc Alliance.com; Lind, D; Battig, BJ
Subject: RE: Request for Permission to Radiate

Good Morning,

After reviewing the information that you have provided, Dakota County does not have an issue with the request for an STA. Due to the distance from the source and frequency range this should not cause an issue for our operations.

Best Regards,
Ron

Sent: Thursday, March 20, 2014 11:08 AM
To: 'Mohn, James R (DOT)'
Subject: RE: Request for Permission to Radiate

Jim,

Thanks again. Just to confirm based on previous discussions that you have no objections to our testing based on call sign WQGF845 for Carver county that referred BAE Systems to MNDOT.

Thanks.

Best regards,

Luis

Sent: Tuesday, March 18, 2014 2:18 PM
To: Hernandez, Luis M (US SSA)
Subject: RE: Request for Permission to Radiate

I was not aware of the build out deadline for our license being extended. So it is actually still in effect. That being the case the State of Minnesota does not have any stations constructed under WPTZ762 in the area of proposed testing. Consequently the State does not have issue with the proposed testing so long as it does not interfere with the State's 800 MHz - 900 MHz stations in the area.

Thanks

Subject: FW: Request for Permission to Radiate

Jim,

Thank again for the voicemail you left for me last week. If I understand correctly you have canceled your licenses/applications in the 700 MHz band? If so, could you please send an email to me stating that you have do so. In the end the FCC requires us to go to FirstNet for their consent, and FirstNet requires us to go to any existing licensee between 700 and 800 MHz. If you have no issues with our testing in that band, then an email to that effect should do the job for us.

Thanks again for your time and effort on this matter.
