---

Message:

Baron Services, Inc. hereby requests grant of their renewal application with a condition to continue experimental operations in California, Texas and Louisiana for the sole purpose of conducting technical demonstration at customer locations and trade shows. Baron Services, Inc. will not conduct any experimental operations for the purposes of 1) research; 2) field surveys, or 3) development of radio technique, equipment, operational and/or engineering data otherwise permitted under FCC Rule Section 5.61 in California, Texas or Louisiana.
