Subject: Request for Info - File # 0020-EX-CM-2018

Message:

FAA Contact: Derek Hufty, UAS Integration Office, FAA (AUS-430), 202-267-7557 derek.hufty@faa.gov

We were told by the FAA to use "FAA Pathfinder Program" as the reference.

FYI - If NTIA wants to see this information in the application, we included it in the header of the attachment we submitted with the filing.

Thanks,
Greg Kunkle
