Subject: File 0114-ex-pl-2000

Mr. Serafini,

Per our earlier phone conversation, please include 2305 to 2360 MHz in our license WB2XJA. While we had applied for 10 mW power, we would like our license to allow as much power as can be allowed up to one Watt. If we need to pay additional fees for this we would be happy to do so.

Thank you,
John Munnerlyn
