Subject: Request for Info - File # 0177-EX-ST-2017

Message:

Hello,

Thank you for taking the time to review our application. We have two alternate bands under consideration. Do you have guidance for either:

1. 2.4-2.5 GHz range (1 MHz channel resolution within that space)
2. 2.2-2.25 GHz range

Either solution would transmit with 2 W of output power.

Thank you,
-Bill Tandy
