---

Message:

Leann,

I inadvertently thought you wanted flight termination information, sorry for my confusion. The designated point of contact to terminate transmissions if interference occurs is Mr. Cal Cooper or Mrs. Valori Reid with Bell flight test data operations at (817) 280-4862. This information has been added to the signed letter and uploaded to the Experimental Licensing System as revision 1 (STA LETTER TO FCC FOR FIREX 2200 ARL TX r1.pdf). The application frequency range has also been changed to match the expired experimental license for Bell under Call Sign:WFRXNR and File Number: 0402-EX-PL-2010. At this point, the request should match Call Sign WFRXNR.

Thank you,

Mark Stoufflet
