Subject: FCC File# 0050-EX-RR-2010

Message:

Dear Leann:

I am responding on behalf of Bigelow Aerospace, LLC to the above-referenced inquiry dated February 19th. Responses to the two questions posed appear below, following the text of your inquiries.

(1) Please verify the ERP for the antenna in Loring AFB, ME (100 Watts or 1000 Watts).

The correct ERP for the Loring AFB, ME antenna is 1000 Watts, consistent with the experimental license modification originally granted on October 2, 2007 (FCC File # 0027-EX-ML-2007).

(2) Please submit the information of the person who will terminate the system if having interference, including name and phone number.

The contact point in case of harmful interference is Peter Blouke of Bigelow Aerospace. His contact number is (702) 639-4440.

Please let us know if you need any additional information.

Respectfully submitted,
David S. Keir
