Subject: FCC File# 1004-EX-ST-2013

Message:

In response to a request made by the OET on behalf of the International Bureau (Ref. No. 24060), BlackSky Global, LLC has today submitted by email a full SpaceCap technical package in connection with its request for experimental Special Temporary Authority to operate the Scout-1 remote sensing satellite. BlackSky was unable to upload the full technical package directly to the OET's filing system.
