Ms. Nguyen,

This correspondence is submitted in reply to the questions received from OET this date.

1. A letter providing justification for the requested nationwide area of operations has been uploaded.
2. The frequency unit for the 2620 - 2690 MHz band has been corrected in the application to MHz, also the station class has been corrected to Fixed, as these tests will involve a temporary fixed site and associated mobile user devices.
3. The person to contact in the event of interference is:  
Michael Jacobs  
443-758-5788

Thank you for your prompt action on our request. I will gladly provide any additional information required to help with your processing of this application.

Regards,
