

Bosch Security Systems, Inc.
STA Application
IWCE Convention Demonstration
STA File Number 0173-EX-ST-2019

This STA Application proposes the use of the frequency bands 150-174 MHz, 450-470 MHz and 809-824 MHz for short-range demonstration of Bosch products within the Las Vegas Convention Center in Las Vegas, Nevada at the IWCE land mobile radio show on March 5, 6 and 7 of 2019.

The Bosch products to be demonstrated require the incorporation of land mobile radios of various manufacturers. The applicant has an IG license for these bands for demonstration purposes (WRAN543) but the locations of that license are at Bosch manufacturing facilities in Minnesota and Nebraska, and the applicant has no authority to operate in these bands in Nevada. All demonstration operation will be inside the Las Vegas Convention Center. All radios to be used have received a grant of equipment authorization from a TCB.

The “stop-buzzer” contact for this operation will be Hieu Ninh who can be reached at (402) 467-6641. Additionally, counsel for Bosch Security Systems can be reached for stop-buzzer contacts at the following mobile number: 301-351-3795.

Should any interference be reported to either stop-buzzer contact, all demonstration will cease and not resume unless and until the licensee of the station being interfered with is satisfied that no further interference will occur.
