

**Explanation of Further Request for Use of Additional Spectrum
And
Amendment of Previously Granted STA**

Subsequent to filing the initial STA request, the demand for spectrum use at this event grew necessitating a request for additional spectrum. In that a previous request for additional spectrum was only partially granted and even more demand for spectrum has arisen, a further request for additional frequencies is being made. In that a STA has already been granted (File # 0750-EX-ST-2016, Call Sign WK9XBD - copy attached) a new application is being filed to amend that STA; therefore, all of the previously granted frequencies have been included.

The additional spectrum requested in this application is for the microwave bands listed below. The requested spectrum is in the ISM bands 2,400 – 2,500 MHz, 5,725 – 5,875 MHz and the radiolocation band 2,900 – 3,100 MHz. Although these bands are not ideal they would appear to be the least intrusive to other users. The maximum power will not exceed 100 mW, the operating bandwidth will not extend beyond the edge of the requested bands and usage will be restricted to inside the venue that will be under the control of a site frequency coordinator; therefore, no interference is anticipated to other users.

Frequency bands requested:

2405 – 2495 MHz

2905 – 3095 MHz

5730 – 5870 MHz

FEDERAL COMMUNICATIONS COMMISSION
EXPERIMENTAL
SPECIAL TEMPORARY AUTHORIZATION**

EXPERIMENTAL

(Nature of Service)

WK9XBD

(Call Sign)

XD MO

(Class of Station)

0750-EX-ST-2016

(File Number)

NAME Broad Comm Inc.

This Special Temporary Authorization is granted upon the express condition that it may be terminated by the Commission at any time without advance notice or hearing if in its discretion the need for such action arises. Nothing contained herein shall be construed as a finding by the Commission that the authority herein granted is or will be in the public interest beyond the express terms hereof.

This Special Temporary Authorization shall not vest in the grantee any right to operate the station nor any right in the use of the frequencies designated in the authorization beyond the term hereof, nor in any other manner than authorized herein. Neither the authorization nor the right granted hereunder shall be assigned or otherwise transferred in violation of the Communications Act of 1934. This authorization is subject to the right of use of control the Government of the United States conferred by Section 706 of the Communications Act of 1934.

Special Temporary Authority is hereby granted to operate the apparatus described below:

Purpose Of Operation:

Provide support of media coverage and logistics for the Republican National Convention in Cleveland, OH from July 5 through July 22, 2016 (Includes time for preparation and close down).

Station Locations

- (1) MOBILE: Quicken Loans Arena, Cleveland, OH, within 16 km, centered around NL 41-29-48; WL 81-41-18

Frequency Information

MOBILE: Quicken Loans Arena, Cleveland, OH, within 16 km, centered around NL 41-29-48; WL 81-41-18

Frequency	Station Class	Emission Designator	Authorized Power	Frequency Tolerance (+/-)

Special Conditions:

- (1) In lieu of frequency tolerance, the occupied bandwidth of the emission shall not extend beyond the band limits set forth above.
- (2) Licensee should be aware that other stations may be licensed on these frequencies and if any interference occurs, the licensee of this authorization will be subject to immediate shut down.
- (3) Licensee must maintain separation from the grandfathered earth stations as defined in Part 90 subpart Z, or coordinate an agreement with the grandfathered earth station licensees in the area prior to operation in 3650-3670 MHz.

Special Conditions:

- (4) Operations will not cause harmful interference to any existing registered stations in 3650-3700 MHz, and notify the registered users in the area prior to accessing to 3650-3670 MHz.
- (5) The applicant must obtain consents from the Advanced Wireless Service licensees prior to accessing to 2155-2194 MHz.
- (6) The applicant must obtain consents from the Educational Broadband Service and Broadcast Radio Service licensees prior to accessing to 2504-2646 MHz band.
- (7) The applicant must coordinate with the local Society of Broadcast Engineer frequency coordinator and the Fixed Microwave Service licensees prior to operation in the other frequency bands.

- (8) Operation is NOT PERMITTED using the frequency band 1350-1390 MHz.
