Dear Mr. Tom Smith,

My name is Jose Trevino and Tony had forwarded me your email. So I'll be working on your application. I have a question, are the "ERP" the same for the other frequencies?

Thanks,

Jose Trevino

Dear Anthony,

Checking status on our license renewal. It has been eight months and we are holding up some product development awaiting our renewal. In addition we have several government project equipment orders in-house that carry DPAS ratings of DO-A7 and DO-C7 that could be impacted.

If there are problems or you are waiting for additional info please contact me immediately so that we are not the cause of any delays.

Looking forward to hearing from you.

Best regards,

Tom Smith
