Dear Behnam,

Aside from the application referenced below, 0026-EX-TU-2017 (the one in the subject line appears to be invalid), there is another OET application file number 0027-EX-TU-2017, and another application filed with the Wireless Telecommunications Bureau, ULS File No. 0007895543.

Thank you for your assistance.

Tony

Besides the transfer of control applications filed with the FCC Experimental Licensing Branch, are there any other transfer of control applications that are pending or will be filed with other FCC bureaus that related to the transfer of control between Odyssey Investment Partners Fund V, LP and CPI International, Inc.?
