Subject:

FCC File # 0063-EX-PL-2003

---

Message:

1. The transmitter antenna polarization for the transmitting satellite is circular.
2. The receiver antenna polarization for the receiving earth station can be switched between vertical and horizontal polarization by the operator for maximum receive signal strength.

Please change the point-of-contact for this application to Jordi Puig-Suari, the director of the university project for which this application was submitted. His telephone number is 805-756-6479 and his email address is [jpuigsua@calpoly.edu](mailto:jpuigsua@calpoly.edu).

I am no longer a student at Cal Poly State University so it is not appropriate for me to remain the point-of-contact for this application.

Any further questions shall be directed to Jordi Puig-Suari.

I can be reached at 805-295-9306 if you are unable to reach Jordi with the contact information I have provided.

Thanks for your prompt processing of this request.

Regards,

Jake Schaffner
