Subject: Additional Information Request

## Message:

1) Provide the earth station information for this application

Answer: The ground station has a separate application, it is 0211-EX-CM-2020. An exhibit referring to it has been posted and is attached.

2) Provide the ITU Cost Recovery letter with the official university letterhead that matches the Applicant Information "California State Polytechnic University, Pomona"

Answer: A letter updated as directed, is attached, and has been uploaded as an exhibit to the application.

- 3) Provide antenna beam patterns for earth stations and space stations in polar format Answer: The antenna patterns are attached, and have been uploaded as exhibits to this application.
- 4) Fill out the NTIA Space Record form. I shall email you this separately. Answer: The form is attached and has been uploaded as an exhibit to the application.
- 5) The FCC's International Bureau requires the submission of SpaceCap data in order to complete evaluation of your application. In accordance with the provisions of Article 9.1 and Appendix 4 of the Radio Regulations, mandatory submission of a SpaceCap file for each individual space station is required. The software and instructions may be downloaded from the ITU link http://www.itu.int/en/ITU-R/software/Pages/spacecap.aspx. Change the extension of the ".mdb" file to ".txt" and submit the results to my FCC email address, nimesh.sangani@fcc.gov

Answer: The spacecap is attached, extension changed to .txt

6) Make sure to use the latest version of SpaceCap and correct all the fatal errors in the SpaceCap file.

Answer: Done.

7) Inform me via email once you have uploaded all the requested documents to your application. Answer: Done. However when I attempted to upload the .mdb file I got the error message "The submitted file was in application/octet-stream format."
