

**Capella SAR Constellation
Statement of NOAA Authorization**

Rev. 3/26/2020

0029-EX-CM-2020

The Commercial Remote Sensing Regulatory Affairs Office of the National Oceanic and Atmospheric Administration, an agency of the Department of Commerce, has licensed Capella Space Corp. to operate the Capella SAR Constellation in a license issued December 20, 2019.

This constellation has been licensed to collect images of the Earth and will operate in circular orbits with altitudes ranging from 450-600 km and inclinations between 85 and 95 degrees. The operations authorized by NOAA are consistent with all technical parameters requested in the associated application for an experimental license (9600 MHz center frequency with 600 MHz bandwidth at 24.26 MW ERP). The constellation is planned to consist of forty-four satellites total.

Inquiries should be directed to legal@capellaspace.com.

Respectfully submitted,
