Message:

Carnegie Mellon University (CMU) was directed to engage in frequency coordination with FirstNet in order to use Band 14 spectrum (758-768 MHz and 788-798 MHz). CMU was unable to reach agreement with FirstNet with respect to use of Band 14 spectrum on an experimental basis. Accordingly, CMU has modified its application (0258-EX-CN-2019) to remove those frequencies.
