addition, CellBlox has agreed to immediately cease operations should any interference issues arise during the demonstrations.

AT&T desires to consent to CellBlox's testing of its technology and, therefore, agrees to permit CellBlox to use the referenced channels within a 0.2 km radius of a specified center point in Helena (TELFAIR), GA – (NL 32-05-19; WL 82-54-32) for a period of April 1, 2015 to July 2, 2015 after the grant of the associated application. In authorizing CellBlox to use AT&T's licensed spectrum in this manner, AT&T accepts responsibility for any failure of an actual subscriber communications which may occur in the area in which CellBlox is authorized to operate during the course of its operations under the requested experimental STA. Accordingly, AT&T supports the grant of the associated application for an experimental STA.

If there are any questions regarding this matter or additional information is required, please contact the undersigned at 202-457-3065.

Sincerely,

/s/ Brian J. Benison
