Subject: Additional Information Request

Message:

Please address the following questions and concerns:

1) Technical Information including the Antenna Locations, Frequency, Emission, ERP can't remain confidential. This has to be available for public inspection in case interference occurs.

a. Submit a revised narrative and specify which information do you still require to be confidential.

b. You must submit an item-by-item justification for the confidentiality request to answer the nine subsections of Part 0.459(b) of the FCC's rules. All non-confidential material must be separated from the confidential material and must be viewable by the public, as must the confidentiality justification.

2) Enter the City/Town and State information for each location you're requesting.

3) Enter the geographical coordinates (dms) for each location you are requesting.

4) Enter the radius of operation (km) for each location you are requesting.

5) ERP and output power information along with the unit is missing your application. Enter this information in your STA.

6) Change the Start Date to at least two weeks from the day you have made all the necessary changes and responded to this correspondence.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of June 15, 2021 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
