DISMISSED-WITHOUT PREJUDICE

Dear Grant Lichtsinn,

This refers to application, File No. 1496-EX-ST-2019, for an experimental authorization.

You are advised that the Commission is unable to grant your application for the facilities requested. NTIA objects to this STA request for the following reason(s):

1. 121.5 MHz is an aeronautical emergency channel. Testing on emergency channels is not authorized.
2. Cirrus Design Corporation may coordinate with the FAA to conduct testing on a frequency between 123.125- 123.575 MHz and then submit another STA with the FAA approved frequency.

Responses to this correspondence must contain the Reference number : 50357

Sincerely,

Anthony Serafini
Chief
Experimental Licensing Branch
