Please provide additional details of the 3.4 GHz equipment being tested. Do you have a model number? Is it being tested for export?

Can you narrow your band selection to specific channels rather than the whole band?

NTIA may request a contact person who would be responsible for shutting down operations in the event of interference. Please provide a contact person and phone number.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of July 26, 2005 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
