

**Exhibit 1**

Pending with the Commission is an application for modification under File No. 0336-EX-CM-2019 to confirm that the contract previously associated with the WI2XIC is no longer active, and that the license will support Internal Research and Development (IR&D) activities moving forward, and to request a change from an “XC” Station Class to a new appropriate Station Class.

It is requested that upon Commission grant of this renewal application, that the above modifications be incorporated into the renewed license.
