

FEDERAL COMMUNICATIONS COMMISSION  
Experimental Licensing Branch  
445 12th Street, S.W., Room 7A-321  
Washington, D.C. 20554

November 04, 2015

Attn: Mike Matsick  
Cobham Advanced Electronic Solutions Inc.  
305 Richardson Road  
Lansdale, PA 19446

DISMISSED-WITHOUT PREJUDICE

Dear Mike Matsick,

This refers to application, File No. 0996-EX-ST-2015, for an experimental authorization.

You are advised that the Commission is unable to grant your application for the facilities requested. The use of band assignments thru the FAA DME and Radar bands presents a risk of RFI to multiple FAA facilities and aircraft. Although the proponent attempted to notch out 1030/1090 MHz operations, the width of the notch may be inadequate. This is the type of request that the FAA needs to have sent for pre-coordination process. Based upon our previous comments, the FAA still non-concurs with 0966-EX-ST-2015. The user must pre-coordinate with the FAA to use discrete frequencies for each sub-band.

Responses to this correspondence must contain the Reference number : 30006

Sincerely,

Nnake Nweke  
Chief  
Experimental Licensing Branch
