Subject: Cobham 0996-EX-ST-2015

Mr. Rummel

The FAA indicates that they are still willing to consider Cobham's application even though they sent an objection to NTIA. My supervisor agrees to reconsider the dismissal if you can come to a timely resolution with the FAA. Please upload a request to reconsider the dismissal to the post grant folder and send me a copy. You should provide an estimate of how long it will take to complete your coordination.

Please complete your FAA coordination and have the FAA and NTIA send a revised coordination for your application.

Regards
Tony
