

Cummins Proposal for FCC Experimental License Request for Confidentiality

(1) Identification of the specific information for which confidential treatment is sought:

Cummins requests confidentiality for the supplement exhibits (exhibit for reply of question no.6) provided with this filing. General information about the filing should not be considered confidential.

(2) Identification of the Commission proceeding in which the information was submitted or a description of the circumstances giving rise to the submission;

The materials were submitted in order to provide the commission information on the research and experimentation plans.

(3) Explanation of the degree to which the information is commercial or financial, or contains a trade secret or is privileged;

This research project involves a new product concept at Cummins and its disclosure could lead to loss of business and impact Cummins if it gets into the hand of competitors or public arena

(4) Explanation of the degree to which the information concerns a service that is subject to competition;

It is Cummins' intention to develop a wireless datalogger to collect diagnostic data from engine. Competitors are actively developing solutions that may compete with Cummins solutions.

(5) Explanation of how disclosure of the information could result in substantial competitive harm;

By discerning our development schedule and plans, competitors could use the material to develop a competitive offering to Cummins.

(6) Identification of any measures taken by the submitting party to prevent unauthorized disclosure;

Materials are labeled "Proprietary and Confidential" and transmitted only to parties under specific non-disclosure agreements (NDAs)

(7) Identification of whether the information is available to the public and the extent of any previous disclosure of the information to third parties;

The information provided has not been made available to the public, and only to third parties under NDA.

(8) Justification of the period during which the submitting party asserts that material should not be available for public disclosure;

The experiment will continue up to 24 months and disclosures being filed. The material should not be available for public disclosure for at least 10 years from the date of filing.

(9) Any other information that the party seeking confidential treatment believes may be useful in assessing whether its request for confidentiality should be granted.
