Subject: Additional Information Request

Message:

Hello Nimesh,

As of this morning, all locations requested for transmitting have FAA pre-coordination documents attached (I have uploaded the documents to our application) . I have reached out to FAA multiple times to update the transmitter radius field in their pre-coordination document but have not got any response from them (you have been copied on my emails to them). Can you please suggest how to proceed/ help us getting the right responses from FAA? We do not know how to proceed past this point.

Thanks,
Dilip Ramachandran.
