Message:

Mr. Masahiro Taguchi,

If you want the experimental to be conducted throughout the US states, you need to go back to the experimental licensing application and change the location from Kansas City, KS to Nationwide within the US, plus the radius.

Also you need to provide the description of the operation to be conducted and its purpose in more details.

It would help a lot to both of us, if you could provide a phone number within the US in order to call you because I can not make long distance calls on my phone.

Thanks..

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of August 28, 2008 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
