File No. 0606-EX-PL-2014
Ref. 25087

Mr Serafini:

In further response to your request, this is to confirm that FAA coordination remains ongoing and that DRS is in regular contact with the FAA as to the status of the coordination, and is in active discussions with FAA regarding the coordination.

DRS believes that FAA coordination should be completed soon, however, the coordination is not yet complete.

Accordingly, because such delay is not due to any action by DRS, it is respectfully requested that an additional 15 days be provided to allow the FAA coordination to be completed.

DRS will submit proof of FAA coordination as soon as it is received.

Please let me know if there are any questions.

Jeff Rummel
Attorney for DRS ICAS, LLC
