Message:

To whom it may concern,

I am writing on behalf of DRS Training and Control Systems, LLC, in response to reference number 48083.

Call sign WG2XQV was renewed on 5/13/19 as a 405 renewal application, NOT a 442 modification application. We understand that there is a bug in the OET portal where renewal applications are transformed into modification applications.

I've attached separately a copy of Form 159 and a copy of the payment receipt reflecting that the submission for WG2XQV was for a renewal, not for a modification. Please correct the submission to the appropriate 405 renewal application at your earliest convenience.

Best,

Tenzin GGT
