Subject: Additional Information Request

Message:

Hi Deepak,

I have few questions/concerns regarding your SPOC CubeSat application File Number 0311-EX-CN-2019

- 1) You don't necessarily have a government contract. It's a NASA grant so the answer to the question#7 "Is this used to fulfill the requirement of government contract" should be no. Please correct this in your application.
- 2) You Have marked "SPOC Orbital Debris Analysis" exhibit as "Non-confidential". The Footer in the document says, "Sensitive but Unclassified". This document in its current state is open to public viewing since you marked it "Non-Confidential". Please inform me how you want to proceed.
- 3) You have "Government Project Description" exhibit marked as "Confidential". If you request confidentiality You must submit an item-by-item justification for the confidentiality request to answer the nine subsections of Part 0.459(b) of the FCC's rules. All non-confidential material must be separated from the confidential material and must be viewable by the public, as must the confidentiality justification.

While you address the above concerns, please also work on providing me the following documents so that I can process your application.

- 1) SpaceCap Calculations
- 2) SpaceCap Cover Letter
- 3) ITU Cost Recovery Cover Letter
- 4) NTIA Space Data

I have provided samples templates for ITU Cost Recovery, Space Cap Cover Letter, and NTIA Space Record data via email. Please fill out the NTIA Space Data form for every frequency request. CubeSat checklist form covers all the requested documents that we normally require. I confirm that Signed ODAR, IARU letter, NOAA are in the application already.

For the SpaceCap, please change the file extension from ".mdb" to ".txt" and then send it via email to this email address nimesh.sangani@fcc.gov

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of May 16, 2019 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.

DO NOT Reply to this email by using the 'Reply' button. In order for your response to be processed expeditiously, you must upload your response via the Internet at <https://apps.fcc.gov/oetcf/els/index.cfm> by clicking on the "Reply to Correspondence" hyperlink.
