Message:

We have amended our Form 442 to update our response to Question 15(a) and to provide the ASR for the tower structure. The correct response to 15(a) is 56.3 meters, and the ASR number for the tower is 1245782. Please note that our original responses to Questions 15(b) and (c) are correct as-is.

Our understanding is that the amendment does not require payment of a separate application filing fee. Please let me know if this is incorrect or if we can provide any additional information. Thanks.
