Subject: Request for Info - File # 0547-EX-CN-2020

Message:

1. Submit a narrative statement describing in detail the program of research and experimentation proposed, the specific objectives sought to be accomplished; and how the program of experimentation has a reasonable promise of contribution to the development, extension, or expansion, or use of the radio art, or is along lines not already investigated, i.e., tell us what the purpose of the experiment is.
2. You have marked several exhibits as confidential. You must submit an item-by-item justification for the confidentiality request to answer the nine subsections of Part 0.459(b) of the FCC's rules. All non-confidential material must be separated from the confidential material and must be viewable by the public, as must the confidentiality justification.
3. As of August 19, 2020, the fee for this application has not been paid. Return to our filing site at <https://www.fcc.gov/els> and use the "Return to 159 Form" link to submit your payment.
4. Submit a justification for the large number of unapproved transmitters. You should only request the minimum number of units to complete the experiment. The FCC does not like to approve licenses using a large number of unapproved devices.
5. Your emission designator does not make sense. Review 47C.F.R. Part2, Subpart C <http://fcc.us/1ZbQ3k3> and use the "Amend/Complete Application" filing option on www.fcc.gov/els to correct your emission and bandwidth.
6. Your location needs to be much more specific. Use center coordinates and radius if possible.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of August 19, 2020 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.

DO NOT Reply to this email by using the 'Reply' button. In order for your response to be processed expeditiously, you must upload your response via the Internet at <https://apps.fcc.gov/oetcf/els/index.cfm> by clicking on the "Reply to Correspondence" hyperlink.
