Subject: File Num#0206-EX-CM-2019 reminder on MAG pre-coordination data request

---

Message:

File No. 0206-EX-CM-2019

EL590312

Mr. Young:

Dynetics recently received a "reminder" email from the ELS system, regarding the need for MAG coordination, under Ref. 50327.

This is to confirm that pursuant to the email below from August 5, 2019, Dynetics provided the requested information regarding the contract activity being supported by this experiment.

It is Dynetics' understanding that no further action is required from Dynetics with respect to MAG review, and that Dynetics need not contact MAG directly. However, if this understanding is incorrect, please let me know.

Best regards,

Jeff Rummel

Attorney for Dynetics, Inc.

File No. 0206-EX-CM-2019

EL590312

Mr. Young:

In reply to the inquiry under Ref. 49868, this is to confirm that &ndash; as explained in the Exhibit to the original 2018 license application for Station WJ2XQZ - the facilities authorized under the license are operated in support of the following purposes:

"An experimental license is requested to test the wireless two-way data link for the Gremlins Air Vehicle prototype UAS. This activity is necessary to support the AFRL Gremlins Phase III contract for continued testing of the Gremlins system. Operations are required on a temporary-fixed basis at and around Huntsville, AL. This activity is necessary to test a prototype system being developed for the AFRL Gremlins Phase III contract. Contract Information is as follows:

Agency: DARPA

Contract No: HR001118C0071

Government POC: Nate Young, Nathan.Young.ctr@darpa.mil, 571.218.4977

It is noted that the instant application is to modify the existing Station WJ2XQZ license to add a second location at Huntsville, AL. The MAG has already approved these same frequencies for the original location.

Should you have any additional questions regarding this application, please do not hesitate to contact the undersigned directly.

Best regards,

Jeff Rummel  
Attorney for Dynetics, Inc.
