Mr. De Los Santos

The frequency range that you are requesting covers many radio services and will be difficult to get approval. Do you need to transmit across the whole range? Can you narrow the band down to the minimum amount of spectrum that you need for testing?

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of December 30, 2003 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
