Re: EastWest Communications, Inc.;
Experimental Radio Service;
Station KA2XZE;
Annual Report For 1991

Dear Mr. Wright:

Transmitted herewith, on behalf of EastWest Communications, Inc., is its annual report in response to the special condition described on the above-captioned experimental authorization issued by the Commission on April 20, 1989.

Two air shows were performed in October, 1991. The first was at Bergstrom Air Force Base, Austin, Texas, and the second at Naval Air Station Dallas, Dallas, Texas.

We trust the attached report fully responds to the Commission's requirements concerning the filing of the annual report. Should further information be required in connection with this matter, however, the Commission is respectfully requested to contact the undersigned.

Very truly yours,

Carole C. Harris

Dear Ed,

I want to take the opportunity to thank you for your outstanding work at the Navy Dallas Air Show on 19-20 October 1991. The event broadcast gave an added dimension to the air show and received many favorable comments. The speaker system you tested was superb. The quality of the sound and the flexibility to move the wireless speakers easily make the system a natural for air shows or any outdoor event.

The interviews with static display pilots and performers and the information tapes on the aircraft were educational and interesting. It was a great way to entertain our early arriving spectators. The combination of event broadcast, quality public address system, and a complete entertainment package is something any air show director should consider.

I was very impressed with the professionalism of you and your staff. You exceeded my expectations, and I believe you have a fine product to offer the air show industry. Good luck in the future.

Sincerely,

A handwritten signature in cursive script, appearing to read "John Peck", is written above the printed name.

Dear Mr. Lyda

1. On behalf of the 67th Communications Squadron, I extend my thanks to you, Greg Angst, and Gary Emery for your outstanding support of the Bergstrom AFB Aerofest 91 air show.

2. Your donation of your time and the FM broadcasting system for additional public address support helped ensure an informative and entertaining day for all in attendance. My personnel received many favorable comments about the use of the FM transmissions for interviews, traffic information, and broadcast of the major events. I believe the use of the FM system enhanced the Aerofest helping make it the best ever.

3. Please accept my thanks as well as that of my personnel for a superb effort.

A handwritten signature in black ink, appearing to read "Robert G. Lamond Jr.", written in a cursive style.
