Dear Mr. Lyda

1. On behalf of the 67th Communications Squadron, I extend my thanks to you, Greg Angst, and Gary Emery for your outstanding support of the Bergstrom AFB Aerofest 91 air show.

2. Your donation of your time and the FM broadcasting system for additional public address support helped ensure an informative and entertaining day for all in attendance. My personnel received many favorable comments about the use of the FM transmissions for interviews, traffic information, and broadcast of the major events. I believe the use of the FM system enhanced the Aerofest helping make it the best ever.

3. Please accept my thanks as well as that of my personnel for a superb effort.
