Re: EastWest Communications, Inc.; Experimental Radio Service; One FCC Form
405 Seeking Renewal of the Experimental License for Call Sign KA2XZE

Dear Mr. Wright:

Transmitted herewith, on behalf of EastWest Communications, Inc. (EastWest), is the above-captioned FCC Form 405 application seeking renewal of the experimental radio service authorization licensed under call sign KA2XZE. Accompanying the application is an FCC Form 159 fee form and a check made payable to the Federal Communications Commission in the amount of \$45.00 to cover the filing fee.

We have enclosed a copy of the most current authorization for easy reference. EastWest would like to continue operating under this authorization for an additional 2 years. Also, in accordance with the specified condition of its original authorization, EastWest is submitting the required Annual Report detailing all activities for 1998, if any.

We trust the Commission will find the application package to be in order for review and final action. In the event that additional information is required, please communicate directly with the undersigned.

Very truly yours,

Carole C. Harris
